

U.S. APPLICATION NO. 09/321,920
AMENDMENT UNDER 37 C.F.R. §1.111

B1 a graphical user interface for displaying at least one control graphic representing controllable parameters of said audio signals generated by said generator; [and,]

control means responsive to operation of said control graphic for adjusting said controllable parameters of said generator and for selectively coupling different ones of said sources to said generator; and,

information exchanging means for exchanging online music information between said electronic musical instrument and an on-line source of music information.

B2 22. The system of claim [2]1, wherein said [plurality of sources further] information exchanging means comprises a modem for communicating with [an] said on-line source of [digital] music information.

[Please add the following claim: --

B3 31. The system of claim 1, wherein said music information is provided to said audio signal generator as an audio source.--

REMARKS

The foregoing amendments and these remarks are in response to the Office Action dated November 23, 1999 (Paper No. 7). The period for response has been extended for two months to April 23, 2000, by a Petition for an Extension of Time Under 37 C.F.R. §1.136 and the appropriate fee under 37 C.F.R. §1.17 filed concurrently herewith. Claims 1-30 are pending in the application.
